Dear Mr. Farrell:

This is in response to your letter requesting an extension to the start of the construction date of April 28, 2017.

After evaluation of the information you have supplied, the date by which construction must commence has been extended to October 28, 2018. Permit Numbers 110025, PSDTX1364, and GHGPSDTX36 shall be automatically void if construction is not begun by October 28, 2018.

You are reminded that these facilities must be in compliance with all rules and regulations of the Texas Commission on Environmental Quality (TCEQ) and of the U.S. Environmental Protection Agency at all times.

All preconstruction authorizations (including authorization for emissions of greenhouse gases, if applicable) should be obtained prior to start of construction.

This action is taken under the authority delegated by the Executive Director of the TCEQ.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael R. Hyde".
