Re: Notification of Anticipated Date of Start-up – Pipeline  
Venture Global Calcasieu Pass, LLC & TransCameron Pipeline, LLC – Calcasieu Pass  
LNG Project  
Cameron, Cameron Parish, Louisiana  
Title V Operating Permit No. 0560-00987-V3 and PSD-LA-805-M3  
Agency Interest Number: 194203

To Whom It May Concern,

Venture Global Calcasieu Pass, LLC (Calcasieu Pass) is currently constructing natural gas liquefaction, storage, and export facilities in Cameron Parish, Louisiana, including a natural gas pipeline to support operation in conjunction with TransCameron Pipeline LLC (TransCameron). The LNG terminal and transmission pipeline are permitted by the Louisiana Department of Environmental Quality under permit number 0560-00987-V3 and PSD Permit PSD-LA-805-M3.

Pursuant to the requirements in Louisiana General Condition VI promulgated in LAC 33:III.537, Calcasieu Pass and TransCameron submit this notification of the date of construction completion and the anticipated date of start-up for the following activities:

- TransCameron Pipeline.

The air emissions sources associated with the pipeline include EQT 039 (Condensate Tank), a small subset of the fugitive emissions under the description "FUG", and pipeline pigging operations under General Condition XVII. The pipeline is mechanically complete as of March 31, 2021. TransCameron plans to commission and operate the natural gas pipeline to support the commissioning and operation of the Calcasieu Pass LNG Terminal, which is currently under construction. The anticipated date of start-up of pipeline operations is April 7, 2021. A separate written notification will be provided for the anticipated start-up date of the LNG Terminal.
